**Dunlap-Connellsville Company First  
in Region to Inaugurate this Method  
of Conservation—New Tenements  
Are Rapidly Going Up**

There are many new cement houses being built for the accommodation of the workmen. All are being built on the modern cement house plans and will be convenient in every detail. These houses will be located at the northeastern part of the plant.

The Garwood plant is located on the Dundip Creek branch of the Yuma and Mohave railroad a few miles south of the Allison works of the W. J. Runney interests and just as the north end of the tunnel of that branch of the railroad about three miles north of Brownsville. George Davis a veteran coke burner is in charge of the plant while Paul Klase, formerly of Mt. Pleasant and a former member of the Scottsdale mining school is in charge of the mine.

John Hulton is known far and wide not only in Pennsylvania but throughout the United States and in foreign countries, where black diamonds are mined from the earth and made into tools of modern industrial activity and prosperity as a man in a thousand. He it was who many years ago produced a book on the mining of coal, its geological relations to the earth's crust and the multitude of its by-products. It remains one of the standard works of the world on the subject. Although 84 years of age, Mr. Hulton remained hale and hearty to the day of his accident and upon his recovery promises to resume a wonderful career. For half a century he has been continuously engaged in the coal and coke industry and related pursuits. He is known as an authority on these subjects. In many big coal-selling syndicates he has been called upon to judge and advise. On big business many times has turned the investment of millions of dollars into new fields of enterprise by great victories. Ever within the past few months he has been called upon to act as an adviser on important investments in the great Connellsville and adjoining coking fields.

He was an important factor in first calling attention of industrial capitalists to the great resources of the Connellsville coking fields now approaching exhaustion of its richest seam of coal. His judgment in this led resulted in the creation of many millionaires who first went into the field many years ago with slender capital which multiplied enormously as the business developed. The coal fields of Cambria and adjoining counties have also felt the impetus of rapid development owing to Mr. Hulton's judgment in relation to them. But his activities have by no means been confined to the coal and the pig-iron business. His thorough and scientific knowledge of coal, united with a practical knowledge of mining, gave him an invaluable equipment as the years progressed.

Several minor repairs were made at the Lohsearing No. 2 plant last week.

## SENTENCES ARE HANDED DOWN.

Short Session of Court is  
Held Before Judge Umbel  
at Uniontown.

### "BOOTLEGGER" FINED HEAVILY

William Johnson Gets Nine Months in  
Jail for Taking Clothes Which Did  
Not Belong to Him—Bigamist Gets  
Year to Workhouse.

UNIONTOWN, Aug. 24.—At a short session of court Tuesday, Judge R. E. Umbel sentenced Charles Tompkins, arrested last week in connection with the Uniontown "bootlegging" case, to pay a fine of \$500 and serve three months in jail. Tompkins entered a plea of guilty to the charge. His partner in the alleged crime, Charles Miller, waived presentation to a grand jury, and is expected to appear next Tuesday for sentence.

George Young and Claude Jennings admitted entering the Eagle club rooms at Brownsville and stealing three watches, a revolver and numerous other articles. Each will serve 18 months in the workhouse. Both said that they were married and had three and two children, respectively. Charles Napper, colored, was sentenced to pay a fine of \$75 or serve nine months in the workhouse for carrying concealed weapons. He was arrested at Orient. William Johnson, colored, arrested last week at Conneltsville for larceny of \$25 worth of clothes, entered a plea of guilty, and was given nine months in the workhouse.

Admitting that he was guilty of bigamy and perjury, the charges brought against him by his first wife, George Hamp was sentenced to spend one year in the workhouse. He claimed that he was "paralyzed drunk" when he secured his second license to wed Norah M. Brady of Mt. Braddock.

Three or four cases were called to plead, but when they faced the court they changed their minds and will go before a jury.

Masters were appointed today as follows, in divorce cases: George R. Moreland vs. Nora E. Moreland, E. Dale Field; Mary C. Watkins vs. John B. Watkins, Edward W. Boyd; Herdie Beal vs. Albert Beal, John Dugan.

A charter was granted the First Baptist Church of Point Marion. The trustees are: L. P. Stewart, G. W. Conn, L. L. McFarland, E. R. Warman and J. E. Sturges.

In the case of D. C. Folts of Dunbar, against Eliza Williams of Perry, a rule was granted on the plaintiff to show cause why a judgment for \$112 should not be opened. This amount is claimed for expenses incurred by the funeral of Jesse Williams, a brother of the defendant. The suit was entered on a transcript from Justice W. H. Cotton, five years after date. The defense claims that the time allowed for the appeal of a case of this nature has elapsed.

An appeal from the decision of J. C. Work in the case of J. W. Jacobs and Annie Gandy vs. Dorothy J. Luce Phillips was filed today by the defendant, in which it is claimed that the court erred in finding as they did. Property in Belleverton was willed by Jane Jacobs, aged 57, to the defendant, despite the fact that her children had created a house on part of the property. In the plaintiff's statement they claimed that their mother intended to deed be ground to them, but that undue influence was used in the making of the will. Judge Work ordered the defendant to deed the land on which the house had been built, to the plaintiffs.

In the equity case of Thomas B. Johnston and others against Edward P. Johnston, a demurrer was overruled and the case continued.

An order was handed down in the case of John H. Lemon and others against the Oliver Steel Company. Robert L. Thompson, a lunatic, for whom Jacob G. Thompson was appointed a committee, in Allegheny county, is the actual cause of the suit. An agreement was made some time ago by which the Oliver Steel Company was to take over 10 acres of coal land in North Union township. The question arose as to whether the committee for the lunatic could answer for his charge and the matter was brought into court for settlement. In the order, Judge Umbel decided that the sale would be legal and ordered that the \$21,500 be paid over to the estate by the company.

A petition was presented praying for the appointment of a guardian for Daniel Collins, aged 50. The signers of the petition are Jeremiah M. and Margaret F. Buckley, of Haverhill, Mass., a nephew and niece. They claim that Collins is mentally unable to take care of his property. As an example they recite a recent sale which he made of house and lot in Uniontown.

## SANITARY CONDITIONS GOOD.

Secretary Brown of Board of Health  
Inspects Railroad Camps.

That conditions along the Troughlohy river above Conneltsville are far better than have been reported and that there is but little danger of a contamination of the water supply from the construction camps of the Western Maryland is the statement of Secretary George B. Brown of the Board of Health, who made a personal inspection as far as Indian Creek Friday.

Yesterday afternoon Secretary Brown, accompanied by Superintendent J. D. Stillwagon of the Conneltsville Water Company, went to Indian Creek on an inspection tour. The first place visited was the home about half a mile above the mouth of Indian Creek where a case of typhoid fever had been reported. At this place a closet was found 40 feet from the creek, but matter which might contain typhoid germs is being carried several hundred feet further back, deposited in a deep hole and covered with lime. From this place the possibilities of typhoid infection are reduced to a minimum. Brown and Stillwagon then returned to Indian Creek, crossed the river and inspected the construction camp there. They found that the closets for the men are located on a high hill several hundred feet from the river.

The contractor in charge, R. G. Gaffard, informed the officials that utmost care is being taken. The laborers are warned from depositing filth in the river. The camp was recently visited by a representative of the State Board of Health and since the men have learned that they are liable to a fine for violating the law they are careful to observe the requirements.

From this point Brown and Stillwagon walked down the western bank of the river as far as Bluestone, where they forded the stream. They found no evidence of unsanitary conditions.

Secretary Brown made the trip to assure himself and the Board of Health that conditions along the Troughlohy river are not a menace to the health of the community. The worst feature found was the closet within 40 feet of Indian Creek, but danger from infection from this is declared remote.

### MAY LOSE LICENSE.

Proprietor of Brownsville Hotel Said  
to Have Cursed the Court.

UNIONTOWN, Aug. 23.—Because E. Shickluna, proprietor of the Pennsylvania Hotel at South Brownsville is alleged to have said he "did not give a damn for Judge Umbel," the court issued a rule on him this morning to show cause why his liquor license should not be revoked. The order was made by Judge R. E. Umbel, who stated that he had received several complaints of late in regard to the manner in which the hotel was being conducted, but the limit was reached in a communication received this morning from T. J. Underwood and J. E. Myers, of California, Pa., and Joseph H. Underwood and Alfred Jarboe, of Roscoe. The letter stated that on August 22nd last evening, these four men, together with their wives, went to the Pennsylvania hotel, ordered and paid for their dinner, which amounted to \$1. This they paid in advance. Proprietor Shickluna informed them that the dining room would be open until 7:30 only. At 7:25 they entered the building and found the doors leading to the dining room closed. On demanding admittance, it is said they were refused, although their wives were inside. The men allege that Shickluna said, "I don't give a damn whether you eat or not." When informed that the matter would be reported to the court, he is said to have replied, "I don't give a damn for Judge Umbel, either. You can't do me any harm."

It is said that while they stood arguing the matter, the dining room girl appeared and stated that dinner was ready to serve, but that this had no effect on the proprietor. He further refused to return the price of the meals which he had received.

### IS QUICKLY WEDDED.

Hazel K. Conn Got Divorce One Week  
and is Married the Next.

Granted a divorce from Charles D. Louden at Uniontown last Tuesday, Miss Hazel Kirk Conn, formerly Hazel K. Louden of Conneltsville, secured a marriage license in Cumberland yesterday afternoon, together with Cecil Morris Foust, of Uniontown. Miss Conn's latest step in the matrimonial line came as a surprise to her many friends.

About the first of August, Mrs. Louden filed a libel in divorce against her husband, a former West Penn street car conductor, S. R. Goldsmith, who was appointed master, and took the testimony on August 2nd. Three days later he filed his report, recommending that a divorce be granted on the charge of desertion and cruel treatment. The couple were married on February 4, 1903, after alleging desertion on July 27, 1906. Judge R. E. Umbel handed down the divorce last Tuesday giving her the right to resume her maiden name.

Miss Conn has always resided in Conneltsville, where she has many friends.

### Shop for Northumberland.

The management of the Pennsylvania railroad has awarded a contract for the erection of a large machine shop, powerhouse and other buildings at Northumberland, this State, the cost of which, approximately, will be \$25,000. The buildings will be part of the equipment of the great \$3,000,000 freight yards completed recently at Northumberland.

# The membership of the second Frederick Piano Club will be increased to 750

It's like Mr. Frederick said of last year's club--this second club has been "an instant success; it was really electrifying in its results."

W. F. Frederick Piano Co.,  
Uniontown, Pa.

Could only secure 250 more club pianos. You may increase club membership to 750. Hope this will meet demand as we can not buy more at the special price. Shipments of one car load a day will begin within ten days.

W. F. Frederick 7.35pm

He bought 250 more pianos--all he could buy.

Consequently the membership of the second Frederick club will be raised 250.

Instead of 500 members, there will be 750 members.

Each and every member sharing alike--to the last penny and to the smallest detail.

And not because we are the originators of these big clubs, and not because big deals like this are only possible through a big house like ours, but these clubs are the fairest, squarest, most honor bright and business like propositions ever made to piano buyers.

We renew our offer again--"If you can suggest anything that will improve the general plan or that will give to club members any further advantages or greater benefits than are now enjoyed by this club, let us have it and we will pay you liberally for the suggestion."

# W. F. Frederick Piano Co.

Exclusive representatives for Chickering, Hardman and  
and the peerless Knabe grand and Upright Pianos

First National Bank Arcade, Uniontown, Pa.

## These are the Features that have made the Frederick Clubs the unprecedented success that they are.

1. This year's club will be composed of 750 members, instead of 500 members.
2. Over two hundred of the memberships have been taken.
3. The value of the piano furnished is \$375.
4. The price to club members is \$275.
5. There is no interest or extras of any kind to be added to the above price.
6. The terms are \$3.00 cash when you join, then \$1.50 per week for 182 weeks (exactly 3 and 1/2 years).
7. The piano is delivered when you join or later, as you wish.
8. The weekly payments of \$1.50 begin when the piano is delivered.
9. Every instrument is guaranteed without reserve for five years in a guarantee as strong as we know how to make it in writing.
10. If, after 30 days' trial, the piano is not satisfactory we will give you your money back.
11. If the piano is satisfactory after 30 days' use the club member has eleven months in which to satisfy himself as to its character. If it does not then prove to be everything that he expects, he has the privilege of exchanging it without one penny's loss for any other instrument of equal or greater value that we sell--and we sell over thirty different representative makes, headed by such distinguished lines as Chickering, Hardman, Estey and the peerless Knabe.
12. If the club member dies during the life of his contract we will immediately cancel all further payments and send a receipt in full to his family.
13. A beautiful stool to match the piano and the latest style scarf is included without extra charge.
14. The piano will be tuned twice without charge.
15. A rebate of 25 cents a week in cash will be given to those members who desire to pay faster than at the rate of 1 dollar and 50 cents a week.

## DEATHS.

Mrs. J. V. E. Ellis.  
After suffering for almost a year, Mrs. J. V. E. Ellis died suddenly at her home on West Fayette street, Uniontown Wednesday afternoon a few minutes before 4 o'clock. While her death came so suddenly that her family and numerous friends were unexpectedly shocked.  
Mrs. Ellis became ill about nine months ago. Late last autumn she went to Markleton, where she spent the winter in hope of obtaining relief, but she returned in February, apparently but little benefited. For the past three months her condition had been steadily failing.  
Mrs. Ellis was a daughter of the late William S. and Dorcas Bryson, of Van Swearingen, and was born on the old Van Swearingen homestead, in North Union township, December 1, 1853. A few years after the death of her father, in 1879, Mrs. Ellis removed with her mother to Uniontown.  
On September 5, 1898, deceased was married to J. V. Ellis. To them were born two daughters, Miriam R. and Clara D. In addition to her husband and children, Mrs. Ellis is survived by the following brothers and sisters, 1 wife J. C. Van Swearingen, Mrs. W. E. Darnette, of Conneltsville; William S. an orphan, at North Union township, and Miss Emma L. Van Swearingen.  
J. C. Sheppard.  
J. C. Sheppard, aged about 55 years, a former well known resident of Conneltsville, died on Wednesday in Lehigh, Ohio. Deceased was a son of Henry Lennox Sheppard and was born in Conneltsville. He left here about 20 years ago. Over four years ago he returned to Conneltsville and spent a summer in the W. F. Frederick Piano Co. He was a boiler maker by trade. He is survived by his wife and one daughter, Katherine, who is married, and three sons, Leonard, Ludwig and Homer. He was a brother of Mrs. John S. Reagan of the West Side a cousin of Mrs. G. B. Brown, Mrs. D. V. White and Mrs. A. S. Cameron of Conneltsville.  
Mrs. Williams Dead.  
Mrs. Mary Tyson Williams, aged 59 years, mother of Benjamin Williams of Conneltsville, died Monday morning at her home in Peter street, Uniontown. She had been ill since last April of a complication of diseases. In addition to the one son named she is survived by the following other children: Mrs. Blanche Smith of Monaca, Mrs. Mary Frankfort of Tarr, Mrs. Lida Flange of Brownsville, and Misses Jessie and Sadie at home. Funeral services will be held from her late home tomorrow morning at 10 o'clock. Interment at Fair Station.  
Rev. Gregory Dead.  
Funeral services for the Rev. John Gregory, who died at Adrian, Mich., last Thursday, were conducted by the Rev. Frank Foster of the Fourth Methodist Protestant church in the chapel in the Allegheny cemetery Wednesday afternoon.  
Rev. Gregory was well known throughout Western Pennsylvania and at one time served as pastor of the local Methodist Protestant church.  
Mrs. North's Sister Dead.  
Word was received Sunday by Mrs. Annie P. North of South Pittsburgh street, of the death of her sister, Mrs. Angeline Payne, who died this morning at her home in Ridgeway, W. Va. She was over 80 years of age, this being given as the cause of her death. The funeral was held this morning, but Mrs. North was unable to attend. One daughter, Mrs. John J. Ridgeway, survives.

## NO BATHS IN BERLIN.

Water Supply is Short and is Measured Carefully.

BERLIN, Aug. 23.—There is nothing doing here in the bathing line and the Saturday night dip was postponed last week until a future date. Why? There is a shortage of water.

The drought has been so severe that the situation is alarming. The gauge in the reservoir has shown a steady decrease in the supply until there was just cause for alarm.

Now a representative of the company comes to the curb in from of every dwelling, turns the water on for a few minutes each morning, and then shuts off the supply. There is constant menace from fire.

A few gallons of water each day is allowed each family. Unless plenty of rain comes soon this will be cut down to quarts.

## SQUIRE MORGAN DIES OF TYPHOID.

Prominent West Side Resident Passes Away Saturday Morning.

### WAS ILL ONLY SHORT TIME

Served as Justice of the Peace and in Other Official Capacities in New Haven and West Side—Was Veteran of the Civil War

After an illness of typhoid fever dating back a week last Saturday, Jacob Morgan, age 65 years, ex-squire and widely known in Connelville and throughout Dunbar township died Saturday morning at 11 A. M. at his late home in South Ninth street, West Side. Mr. Morgan had been feeling badly since last Wednesday a week ago. At the time he was taken ill he was State Road Inspector on the rike having been appointed to the position about two weeks ago. He worked until last Saturday when he was compelled to give up and take his bed. Typhoid fever was later pronounced by the attending physician. He was unconscious during his illness and died without gaining consciousness.

Squire Morgan's health commenced to fail him about two years ago when he was taken with Bright's disease. Since that time he was unable to do any active work. He served as constable and squire of the West Side and filled both offices in a very creditable manner. After his term as squire expired, several years ago, he was appointed inspector of the State road in Dunbar township which later he gave up on account of his health. He had not worked any since that time until his last appointment on the State road on the pike out from Uniontown. Squire Morgan was a member of William I. Kortz Post No. 10—G. A. R. He was a charter member of the Connelville Lodge of Masons and has been a member of the Heptasophia for many years. He was a member of the Methodist Church in Uniontown. He was born in Wales, October 1, 1842 and was a son of David and Anna Morgan. At about the age of eight years he came to this country with his parents and settled at Borden, Md., Maryland. The greater part of his boyhood days were spent in and around Loudonville, Md. When a young man Squire Morgan was married in Loudonville to Miss Elizabeth Nichols. To the union 11 children were born, eight of whom survive. A number of years ago he came to Dunbar township and settled at West Side where he was employed as clerk and later bookkeeper in the store of the Cambria Iron Company. Before the war and store were abandoned he came to the West Side and has resided there ever since. He was one of the most active citizens of the West Side. He was a staunch Republican and always took a great interest in the welfare of the town. Every man, woman and child in the West Side knew and respected Mr. Morgan. He was of a very cheerful disposition and always had a kind word or a humorous story to relate to his friends with whom he came in contact.

Squire Morgan's death will be keenly felt not only by the members of his family, but by his numerous friends as well. He had a very fine war record. August 12, 1862 he was listed in Huntington county and was mustered into the service of the United States at Harrisburg to serve nine months as a private in Company I 12th Regiment Pennsylvania Volunteer Infantry under Captain Voliam Simpson and Col. Jacob Higgins. His regiment was assigned to the 2nd Brigade, Second Division of the Army of the Potomac and he shared in many of the prominent battles. He returned to Uniontown from Harrisburg where on May 18, 1863, he was mustered out and honorably discharged. He fought valiantly for his country and was highly respected by all his comrades.

In addition to his widow he is survived by the following children: Mrs. Anna McCormick, Lloyd, Milton, West Side; Mrs. Edith Brumbaugh, Westland, Pa.; Lillian, Leisnering No. 1, Mrs. Grace Bishop, wife of Carl Bishop, Connelville; Ursula and Albert at home. Four brothers, John, of Westernport, Md.; Frank and Joseph, Lonsdale, Md.; and George of the West Side. One sister, Mrs. Rachel Peebles of Lonsdale, Md., one half sister, Mrs. Edward Law of Cumberland and seven grandchildren also survive.

Funeral from his late home Monday afternoon at 2 o'clock. Rev. R. C. Wolf, pastor of the Methodist Episcopal Church officiated. Interment in Hill Grove cemetery.

### MRS. SOPHIE TUMPSON

Died Last Week at Her Home in New York

Mrs. Max Tumpson, a former well known resident of Connelville and mother of Mrs. S. Goldsmith of Connelville died Wednesday night at her late home in New York city. Mrs. Tumpson had been a sufferer of diabetes for some time past and about two weeks ago she suffered a stroke of paralysis which resulted in her death. Mrs. Tumpson had been in the country for about 24 years and since then she has spent the greater part

of her time in New York. About four years ago, with her husband and family she left Connelville for New York City where she resided until her death. Mrs. Tumpson has a wide circle of friends in Connelville who regret to learn of her death. The members of her family were at her bedside when death came. Attorney and Miss Goldsmith were summoned to New York at the time she suffered the stroke and Miss Goldsmith has been there since. Mr. Goldsmith received word Wednesday to the effect that her condition was worse. He left immediately after receiving the word but she was dead when he arrived in New York. In addition to her husband and Mrs. Goldsmith she is survived by two daughters, Misses Martha and Anna, and two sons, George of New York and Louis who is in business in Asheville, N. C. Funeral services were held this morning. Her husband and daughters, Misses Florence and Helen, attended the services.

## DRINK MADE HAMP BECOME BIGAMIST.

Says He Was "Paralyzed Drunk" When He Got Second License.

### WAS ARRESTED AT SMOCK

Married a Woman 20 Years Ago and Had a Stormy Time of It—After 13 Years He Left and Was "Coaxed" Into Marriage Again

UNIONTOWN, Aug. 20.—Drunk caused the downfall of George Hamy. Admitting that he married a woman without first obtaining a divorce from his first wife, Hamp was arrested at his home in Smock last night by Constables William Begg and Hugh McCann. However he claims that he was "paralyzed drunk" when he secured his second license and he is expected to plead guilty to the charges of bigamy and perjury which wife No. 1 has preferred against him.

Hamp first met May Havitt at West Side and later married her in Mountville, N. Y. This was about 10 years ago. The couple went to housekeeping in Baltimore, Md. where they resided for 13 years. In this time five children were born three of whom are living. Mrs. Hamp No. 1 alleges that her husband deserted her. His story is different. This morning he stated that they had not lived together a month before she threw a butcher knife at him. Her aim was bad and after breaking the weapon he threw it out of the door. He said it became necessary for him to leave. He was gone about three months when the news reached him that his daughter, Goldie, had been seriously injured and he returned to see her. Peace reigned in the household but a short time when he saved that his wife told him to find a new boarding place. Hamp never returned but wandered into the coke region. At Mt. Braddock he met Nora M. Brader, aged 35. He alleges that he was coaxed into a marriage with her and the license was taken out on April 15, 1907. Hamp told the clerk that he had been divorced on January 12, that year, desertion being the cause. They were married the next day by Squire Geo. A. McCauley of Perry and he since lived together until a month ago when Mrs. Hamp No. 2 left to take care of her mother at Bland.

About a week ago wife No. 1 who has been supporting herself and children paid a visit to some relatives near Perry. Inquiries led to the finding of the marriage record before Squire McCauley of that place and the information followed.

The prisoner is about 40 years old and has lately been working in the mines at Smock.

### PETITION IN BANKRUPTCY.

Has Been Filed Against Missing Shoe Man of Mt. Pleasant.

W. A. Price, a shoe dealer and well known church worker of Mt. Pleasant has been missing for three weeks. His absence led to a petition in bankruptcy being filed against him in the United States District Court in Pittsburgh yesterday. Price was treasurer of the Lutheran Church of Mt. Pleasant and before disappearing was said to have received \$600 from the Ladies Aid Society. It is stated that this amount was given him to pay a note.

Price's wife, who resides in Mt. Pleasant is quoted as saying she knows nothing of the whereabouts of her husband. It is stated that his liabilities may reach \$20,000. A subpoena for Price is in the hands of United States Marshal Porter but has not yet been served.

Following the filing of the bankruptcy proceedings against Price, A. C. Ellis was named receiver for the business. The petitioners allege that before leaving Mt. Pleasant Price transferred part of his stock to preferred creditors.

Taken Plunge Into Fatal Bath Struck by Blacksmith's Blow. A man with heart failure was taken a dip into the swimming pool at Camp Run park near Point Marion. He was rescued before he could be rescued. He was 29 years old and single.

## MUSICAL GIVEN BY MRS. COCHRAN

At St. James Park Last Evening Largely Attended.

### THE PROGRAM RENDERED

Was Immensely Enjoyed and Splendidly Rendered—A List of Those Who Were Present From Out of Town

A musical event of interest in West Penn. Peninsula was a large musical sale at which Mrs. S. B. Cochran was hostess last evening at her summer home at St. James park near Dunbar. Over 25 guests from Pittsburg, McKeesport, Connelville, Uniontown, Scottsdale, Dawson and Van S. Brown were present. The program was well selected. It was in charge of Prof. J. I. Rodriguez of Connelville assisted by Sidney M. Hamilton of Pittsburg.

The program commenced promptly at 8 o'clock and lasted until after 10 o'clock. Each number was rendered in a very capable manner and the generous applause which followed showed that the guests were more than delighted with the program which was as follows:

## A GLASS FACTORY FOR SMITHFIELD.

Options Renewed on Prospective Sites Near That Town.

### PRACTICAL MEN BACK OF IT

From Point Marion and Uniontown Capital Is Also Interested—Announcement of Organization of Company Expected Soon.

SMITHFIELD, Aug. 19.—Point Marion, Uniontown and Smithfield capitalists are promoting the organization of a glass factory for Smithfield. Some time ago an option was taken on tracts of land on the farms of John Moody and William Barton, adjoining the borough, for a proposed site for the factory. These options expired on August 5. They were good for sixty days and at their expiration they were renewed for a period of 30 days.

The men who are promoting the new industry have not announced any of their plans, but it is stated that negotiations are in favorable shape for the establishment of a glass factory at Smithfield.

Practical men from Point Marion, where the glass making industry has prospered, are back of the proposition to locate in Smithfield. The glass factories at Point Marion have made that an industrial town of much importance in the county. Skilled workmen find profitable employment practically the year round.

It is stated that ten acres of land will be donated to the proposed new company by Wm. Barton in addition to the land wanted by the proposed company and now under option. The land optioned is close to the railroad, in fact a siding runs to it.

Announcement of the organization of a company and the final decision to go ahead with the building of a glass factory at Smithfield is expected soon.

### DEATH PERCENTAGE

In the Mines of Pennsylvania During the Past Year.

HARRISBURG, Aug. 20.—State Chief of Mines James E. Roderick has presented his report on the operations of the bituminous mines of Pennsylvania during 1909 to Governor Edwin S. Stuart, and regrets that production was unprofitable and that there is not some way of controlling the output to meet the demand, as is done in the anthracite field. He calls attention to the fact that less lives are lost to the billion tons in this State than in Great Britain and urges greater stringency of rules. The work done by the Pittsburgh testing station of the Geological Survey of the United States Government is praised.

"The station has tested many explosives," he writes, "and has issued bulletins naming the explosives that are deemed safe and satisfactory for use in the mines. They are designated as 'permissible' explosives. This is an important and necessary work and no doubt will result ultimately in reducing fatalities in the mines, a condition that not only the miners and owners will welcome, but a condition that the public in general will approve and commend. With the use of permissible explosives in gaseous and dusty mines, the exercise of sound judgment in dumping and removing the dust and proper attention given to ventilation, the possibility of explosions will be lessened greatly."

Roderick states that the output was 136,206,695 tons, against 114,937,375 tons in 1908, a gain of 21,269,320 tons. In the same period the anthracite production was 30,223,533 tons, a decrease of 3,119,410 tons, as compared with the previous year. "The conditions that tend to safety are generally nullified by the carelessness and incompetency of certain employees and no great improvement can be hoped for until the foreign element is educated sufficiently to work more intelligently and with more regard for the physical welfare, not only of themselves, but of their fellow workmen. The rules of the mine should also be made more stringent and there should be more stringent enforcement of them," he says. "We give herewith a comparison with the figures reported from Great Britain, a country noted for careful and conservative mine management." In 1908 the production of Great Britain was 261,512,274 tons and the number of fatal inside accidents 1,162, or 4.44 lives for every 1,000,000 tons. In Pennsylvania that year the percentage of life lost was 4.78 lives for each million tons, the number of fatal accidents being 559. In 1909 Great Britain produced 263,758,562 tons, with 1,317 fatal inside accidents, or 4.99 lives per 1,000,000 tons, while in Pennsylvania the production was at the rate of but 3.49 lives. The average for two years shows 4.71 lives per 1,000,000 tons in Great Britain and 4.13 in Pennsylvania.

### Greensburg Firm Contractors.

The Baltimore & Ohio has awarded to Bennett & Faltot of Greensburg a contract to build a 4,500-foot tunnel and three miles of railroad, approximately in cost \$2,000,000, within a short distance of Grafton, W. Va. The new tunnel is to replace the present tunnel at Tusculum, W. Va.

### NEW STOCK YARDS

B. & O. Figuring on Building Eighty Pens at Connelville.

It is stated on reliable authority that a stock yards costing in the neighborhood of \$25,000 will be erected at Greene Junction in the near future by the Baltimore & Ohio railroad. Already local contractors have been asked to furnish estimates of the construction cost. It is expected that a final decision in regard to the matter will be reached within the next few days.

The stock yards will be 80 feet long. There are to be two rows of stockades, containing 40 pens in each row. The pens will be 20 by 40 feet in size. Each pen is to be sufficiently large to hold a car load of cattle. Under the new railroad rate law the railroads are required to unload live stock after it has been in transit so many hours. Connelville has been decided upon as one of the points where these cattle will be exercised, watered and fed.

The stockade will be expensive. The tracks will be depressed in such a manner that a stock train can be pulled beside the stockade with the floors of the cars on a level with the bottom of the pens. The doors will then be thrown open and the stock, cattle, hogs and other animals, can be turned out. In this manner an entire stock train can be emptied almost as quickly as a single car.

The matter of the stockade here is in the hands of E. W. Skipworth of Chicago and B. M. Wilson of Baltimore. Both left yesterday after spending several days in this vicinity looking over the ground and consulting with builders and contractors.

After securing the estimates Mr. Skipworth is said to have stated that the plans would be drawn up as quickly as possible and submitted for competitive bidding.

### COAL SHIPMENT FIGURES.

Report of Lock No. 4, Monongahela River, Shows Good Figures.

CHARLESTON, August 24.—The shipments of coal through Lock No. 4, Monongahela river, for the first six months of this year totaled 55,492,000 bushels, according to the report of Lockmaster A. E. McGowan. This falls somewhat behind the shipments for the first six months of 1909 and 1907, which were respectively 54,740,000 and 59,095,500 bushels, but surpasses the total for 1908 55,195,000, and surpasses the total shipments of the last six months of 1908 and 1907, 53,716,000 and 58,038,000 bushels respectively.

The average shipment per month was 15,317,000 bushels. Counting the July shipment, the average for the first seven months was 16,778,500 bushels a month. The one short month of the year thus far was April, and many of the mines along the valley were closed. Then, however, considering the conditions, there was rather an exceptional total shipment of coal of 5,607,000 bushels. The heavy month thus far has been June, when 20,199,000 bushels of coal were loaded through the locks. So for the year 1907 holds all records, when through lock No. 4 was loaded 206,115,000 bushels of coal.

### BUYS COAL TRACT.

G. W. Wilson Organizes Company to Operate Mine in Ohio.

G. W. Wilson, Vice President of the Iron City Coal & Coke Company, Pittsburgh, Pa., has purchased the Herriot Coal Company property at New House, Ohio, on the Pittsburgh, Lisbon & Western railroad, and has incorporated a company under the laws of the State of Ohio, known as the Wilson Coal Company. The officers are G. W. Wilson, President, S. V. D. Huntington, Secretary, H. H. Hodge, Treasurer. The property consists of 250 acres of No. 8 coal, with a modern electrical equipment. The mine has a capacity of 300 tons per day. The output will be handled by the Iron City Coal & Coke Company, which later company contemplates opening a branch office in Cleveland, Ohio.

This company recently opened branch offices at Philadelphia, Pa., and Toronto, Ont., W. W. Peabody, Eastern Sales Agent, and W. F. Marshall, Canadian Sales Agent. H. H. Hodge is Sales Agent, Main office, Pittsburgh, Pa.
